

REQUEST FOR PROPOSAL – ADDENDUM 3

For Professional Architectural Design Project

The Request for Proposal (RFP) is clarified as set forth in this Addendum in response to questions received from prospective responders. The original RFP Documents and any previously issued addenda remain in full force and effect, except as modified by this Addendum, which is hereby made part of the RFP. Respondents shall take this Addendum into consideration when preparing and submitting its Statement.

1. Does the City has a budget, or budget range, for the architectural services for Phase I of the Civic Center?

No.

2. I assume that the architectural services will be helpful to determine the ultimate construction cost of the Civic Center, but can you tell me if there are any initial budget ranges that the City has considered for the construction (the ultimate construction of facilities)?

No, we do not have a construction budget yet, we are looking at preliminary drawings to show the Council what is possible, and they will determine what they would like to see from those preliminary drawings and information.

3. What is the current and expected fund or funds of the project?

Construction funds will most likely be Water, Sewer, and General Funds.
