CITY COUNCIL AGENDA ITEM NO. 3.4

SECTION 3: CONSENT CALENDAR

Meeting Date: March 22, 2021
Subject: Approval to Adopt Resolution No. 2021-07, Approving the Mid-Year Adjustments to the Operating Budget for Fiscal Year 2020-2021
Presented By: Merry Mayhew, City Manager
Approved By: Merry Mayhew

Staff Recommendation:

Adopt Resolution No. 2021-07, approving the mid-year adjustments to the operating budget for fiscal year 2020-2021.

Background and Overview:

On September 28, 2020, the City Council adopted the Fiscal Year 2020-2021 City of Hughson Final Budget. During the course of the first half of the year things have changed, which makes it necessary to examine accounts to ensure that the budgeted amounts are sufficient to cover costs. City staff is recommending that the City Council approve \$2,743,963 in revenue increases and \$129,222 in increased expense. "Exhibit A" lists the line item accounts for each recommended adjustment. For reference purposes, budget comparison reports, as of March 8, 2021, for both revenue and expenditures are provided (Exhibit B).

Key reminders:

- December 31 actual expenditures do not represent exactly half of the annual amounts because not all bills have been received and paid by December 31st.
- A large portion of General Fund revenue is received after December 31.
- Adjustments between accounts within funds will be completed in addition to the requested mid-year adjustments.

Budget adjustments for the General Fund are an overall decrease of \$28,140, which includes increases to estimated revenue of \$292,170 and an increase in estimated expense of \$320,310.

Most of the increased revenue and expense in the General Fund is due to three grants in the amount of \$260,000 that will assist in paying for the planned General Plan Update expense.

The Sewer Operations Fund has an increase of \$42,500 in expense for the Vac Con truck repair and Variable Frequency Drives and Belt repairs at the Wastewater Treatment Plant. The net adjustments for the Sewer Operations Fund total a negative \$231,230 and are due to the decrease in revenue from the sewer discount fee approved by the Council in December 2020 and the decrease in debt service due to the extension of the loan terms.

City staff is recommending approval of the mid-year adjustments shown on "Exhibit A". Expense adjustments of \$10,000 or more are detailed below:

1. \$ 65,310 Professional Services General Fund-Police
Increase to account to transfer the expense from SLEF to General Fund.
2. \$ 47,920 Professional Services Sewer Fixed Asset
Increase for Willdan to complete Tully, Charles, and Whitmore Sewer Design
3. \$ 31,428 Professional Services Sewer Dev Impact
Increase for the 1% pre-payment fee on the sewer loan pay off.
4. \$ 27,573 Interest Expense Sewer Dev Impact
Increase for the interest expense on the sewer loan.
4. \$ 12,500 Mntce of Equipment Water Operations
Increase for half of the Vac Con Repairs. The 2nd half was paid from Sewer Ops.
5. \$259,000 Professional Services Water TCP123
Increase to pay for Provost and Pritchard for TCP 123 design.

The recommended mid-year adjustments were presented to the Budget and Finance Subcommittee on March 15, 2021. The following were also discussed at the March 15, 2021, Budget and Finance Committee meeting:

1. CAL-Card, Purchasing Cards for City staff.
2. License Plate Reader (LPR) Cameras.
3. Bank Card Project.

Fiscal Impact:

City staff anticipates that General Fund Revenues of \$3,334,343 will exceed General Fund Expenditures of \$3,223,757 by \$110,586 thereby maintaining a balanced budget for Fiscal Year 2020-2021.

CITY COUNCIL AGENDA ITEM NO. 3.5

SECTION 3: CONSENT CALENDAR

Meeting Date: March 22, 2021
Subject: Acceptance of the Fiscal Year 2019-2020 City of Hughson Financial Audit
Enclosure: Annual Financial Report Fiscal year Ended June 30, 2019
Presented By: Merry Mayhew, City Manager
Approved By: 

Staff Recommendation:

Review and accept the City of Hughson's Fiscal Year 2019-2020 Audit.

Background and Overview:

The City's Auditors, Moss, Levy & Hartzheim, recently completed the audit of the 2019-2020 Financial Statements. The opinion given by the auditors is an unmodified opinion. An unmodified opinion is given when the auditor expresses an opinion that the financial statements are presented, in all material respects, in accordance with Generally Accepted Accounting Principles (GAAP).

A summary of the City's financial position is included in the Management's Discussion and Analysis (pages 3-13). A few highlights include:

1. On the government-wide governmental activities, the assets exceeded the liabilities by \$35,848,815. An increase of \$506,869. over the prior fiscal year.
2. For business type activities (i.e., water, wastewater), assets exceeded the liabilities by \$47,270,715. This is an increase of \$2,303,755 over the prior fiscal year and is primarily due to a decrease in our long-term liabilities.
3. The General Fund balance increased by \$394,401 in the current year to \$4,063,523.
4. The General Fund reserve is healthy when compared to similar governmental units. With the current reserves and fund balance, the City could operate for over one year without additional revenue.
5. The Sewer Fund unrestricted net position increased by \$223,603 to \$8,678,926.

6. The Water Fund unrestricted net position decreased by \$714,561 to \$761,018. This was due to the timing of Well 7 Replacement Project payments from the State.
7. Two funds have deficit fund balances, same as prior years: Transportation Capital Projects Fund (Fund 420) and the Successor Agency (Fund 520).
8. The Successor Agency continues to have a large negative fund balance due to that fact that it holds all the debt that the RDA (Redevelopment Agency) issued. Money continues to be collected on the tax roll to pay down the debt.
9. The CalPERS Unfunded Accrued Liability (UAL) increased by \$497,603. This increase is mainly due to differences based on change of assumptions (\$151,268), pension contributions subsequent to measurement date (\$345,188), and to the differences based on actual experience and adjustments (\$225,044/\$23,607, respectively).
10. The audit did present two findings of mention in the Management Report and Auditor's Communication Letter. These are significant deficiencies and should be noted they are not material weaknesses; however, these findings warrant cause for evaluation and correction if possible, as to prevent any future findings of material weaknesses. The findings per the audit encompass a lack of segregation of duties in cash receipting and payroll.

In addition, the auditors included one observation, recommending the City create a year-end closing process in which City staff performs adjusting entries to be audited by the contracted auditor. The City has discussed these findings with the auditors and will make evaluations and corrective actions as necessitated.

Despite the challenges and constraints brought on by the Covid-19 pandemic (which part of this audit period occurred in), the City's overall financial position has remained consistent with previous years and continues to strengthen through implementation of ongoing process improvements and policy analysis.

City staff presented the Fiscal Year 2019-2020 City of Hughson Financial Audit to the Budget and Finance Committee on March 15, 2021.

Fiscal Impact:

The cost for auditing services, including the preparation of the State Controllers Report, provided by Moss, Levy & Hartzheim is \$32,670, and is included annually in the City's Final Adopted Budget.

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Hughson, California (City) as of and for the fiscal year ended June 30, 2020, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Hughson, California, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof, for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 14 to the financial statements, In January 2020, the World Health Organization has declared COVID-19 to constitute a “Public Health Emergency of International Concern.” Given the uncertainty of the situation, the duration of any financial impact cannot be reasonably estimated at this time. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis on pages 3 through 13, Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget to Actual – General Fund, and the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget to Actual – Refuse Special Revenue Fund, Schedule of Changes in the Net Pension Liability and Related Ratios, and Schedule of Pension Contributions on pages 57 through 60 be presented to supplement the basic financial statements. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Hughson’s basic financial statements. The Budgetary Comparison Schedules for the Public Facilities Capital Projects Fund and Nonmajor Governmental Funds; the Combining Financial Statements for the Nonmajor Governmental Funds, and the Nonmajor Enterprise Funds listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The Budgetary Comparison Schedules for the Public Facilities Capital Projects Fund and Nonmajor Governmental Funds; the Combining Financial Statements for the Nonmajor Governmental Funds, and the Nonmajor Enterprise Funds are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 7, 2021, on our consideration of the City’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. OVERVIEW OF THE ANNUAL FINANCIAL REPORT

This Annual Financial Report is divided into five parts:

1. Government-wide financial statements
2. Fund financial statements
3. Notes to the financial statements
4. Required supplementary information
5. Other supplemental information

Government-wide Financial Statements

The Government-wide financial statements provide a longer-term view of the City's activities as a whole and comprise the Statement of Net Position and the Statement of Activities. The Statement of Net Position provides information about the financial position of the City as a whole, including all of its capital assets and long-term liabilities on the full accrual basis, similar to that used by private industry.

CITY OF HUGHSON
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

The Statement of Activities provides information about all the City's revenues and all of its expenses, also on the full accrual basis, with the emphasis on measuring net revenues or expenses of each of the City's programs. The Statement of Activities explains in detail the change in net positions for the fiscal year.

All of the City's activities are grouped into governmental activities and business-type activities, as explained below. The amounts in the Statement of Net Position and the Statement of Activities are separated into governmental activities and business-type activities in order to provide a summary of these two activities for the City as a whole.

Government-wide financial statements are prepared on the accrual basis, which mean they measure the flow of all economic resources of the City as a whole.

The Statement of Net Position and the Statement of Activities present information about the following:

Governmental Activities – All of the City's basic services are considered to be governmental activities. These services are supported by the general City revenues such as taxes, and by specific program revenues such as user fees and charges.

Business-type Activities – The City's enterprise activities of water, and wastewater are reported in this area. Unlike governmental services, these services are supported by charges paid by users based on the amount of service they use.

Governmental Fund Financial Statements

The governmental fund financial statements report on the City's operations in more detail than the Government-wide statements and focus primarily on the short-term activities of the City's General Fund and other major funds. The governmental fund financial statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt, and other long-term amounts.

The governmental fund financial statements provide detailed information about each of the City's most significant funds, called major funds. Major funds account for the major financial activities of the City and are presented individually, while the activities of non-major funds are presented in summary, with subordinate schedules presenting the detail for each of these other funds. The concept of major funds, and the determination of which funds are major, was established by the Governmental Accounting Standards Board (GASB) Statement No. 34 and replaces the concept of combining like funds and presenting them in total. Instead, each major fund is presented individually, with all non-major funds summarized and presented only in a single column. Subordinate schedules present detail of these non-major funds. Major funds present the major activities of the City for the fiscal year, and may change from year to year as a result of changes in the pattern of the City's activities.

In the City's case, there are three major governmental funds in addition to the General Fund: Home Loan Special Revenue Fund, Refuse Special Revenue Fund, and Public Facilities Capital Projects Fund.

The City reports 2 major and 2 non-major enterprise funds

Fund financial statements include governmental and proprietary funds as discussed below.

Governmental fund financial statements are prepared on the modified accrual basis, which means they measure only current financial resources and uses. Capital assets and other long-lived assets, along with long-term liabilities, are not presented in the governmental fund financial statements.

Proprietary fund financial statements are prepared on the full accrual basis and include all of their assets and liabilities, current and long-term.

CITY OF HUGHSON
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

ECONOMIC CONDITION, OUTLOOK AND ACTIVITY

The City continues to see a mixed economy, with a gradual increase in property tax revenues along with increases in operating expenses and PERS unfunded liabilities. Residential building continues at a slow but stable pace within the community. Hughson's diverse land use has helped to continue a growth pattern that has resulted in economic strength for the City and a stable housing market. Overall, the City continues to be in a favorable position to continue attracting jobs and retail establishments. The City continues to reach out to prospective and current business owners to continue to strengthen the City's tax base.

Overall the City's financial position remains in good condition. In the upcoming year, the City estimates the sales tax revenue will see slight declines while property taxes will continue to see a gradual increase with expected increases in operating and personnel costs. The City continues to maintain a fiscally responsible and conservative approach to its fiscal management and will continue to monitor the economic activity of the City.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Fiscal Year Ended June 30, 2020

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$	1,164,510
---	-----------	------------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those capital assets are allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period.

Capital outlay	\$	504,815	
Depreciation expense		<u>(570,992)</u>	(66,177)

Compensated absence expenditures reported in the statement of activities do not require the use of current financial resources and therefore, are not reported as expenditures in a governmental fund. This is the net change in compensated absences for the current period.

35,661

In governmental funds, pension costs are recognized when employer contributions are made. In the statement of activities, pension costs are recognized on the accrual basis. This fiscal year, the difference between accrual-basis pension costs and actual employer contributions was:

(149,880)

Change in net position of governmental activities

\$ 984,114

NOTES TO BASIC FINANCIAL STATEMENTS

CITY OF HUGHSON
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Hughson (City) was incorporated in December 1972. The City is a general law city operating under the Council-Manager form of government, with a five member City Council elected for four-year overlapping terms. The City Manager is appointed by the City Council to serve as administrator of the staff and to carry out the Council's policies.

As required by accounting principles generally accepted in the United States of America (USGAAP), these basic financial statements present the City of Hughson (the primary government) and any component units.

Individual Component Unit Disclosures

There are no entities which meet the Governmental Accounting Standards Board (GASB) Statement No.14 as amended by GASB Statement No.39, GASB Statement No. 61, and GASB Statement No. 80 criteria for disclosure within these financial statements.

B. Basis of Presentation

Government-wide Financial Statements

The statement of net position and statement of activities display information about the primary government (the City). These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the City. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent, on fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and; therefore, are clearly identifiable to a particular function. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues.

When both restricted and unrestricted net positions are available, unrestricted resources are used only after the restricted resources are depleted.

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation (Continued)

Fund Financial Statements

The fund financial statements provide information about the City's funds, including fiduciary funds. Separate statements for each fund category – *governmental*, *proprietary*, and *fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds; each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

Proprietary funds distinguish *operating* revenues, such as charges for services, and result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The City reports four major governmental funds:

- The *General Fund* is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the City that are not accounted for through other funds. For the City, the General Fund includes activities such as public protection, public works and facilities, parks and recreation, and community development.
- The *Home Loan Special Revenue Fund* was established to account for all proceeds of grant revenues from the federal government under the First Time Home Buyer federal grant program and from the State of California's CalHome grant program. The expenditures relate to payments made to eligible recipients for buying homes subject to fulfillment of conditions.
- The *Refuse Special Revenue Fund* was established to account for monies collected on behalf of a franchise garbage collection company.
- The *Public Facilities Capital Projects Fund* was established to account for all proceeds from traffic mitigation fees, whose purpose is to defray the actual costs of constructing improvements to mitigate traffic and circulation impacts resulting from proposed new development.

The City reports the following two major enterprise funds:

- The *Sewer Fund* was established to account for the financial activity for the purpose of operation and maintenance of the City's sewer system including the wastewater treatment plant. The costs of providing these services to the general public are financed or recovered through user charges.
- The *Water Fund* was established to account for the financial activity for the purpose of operation and maintenance of City's water utility. The costs of providing these services to the general public are financed or recovered through user charges.

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation (Continued)

The City reports the following additional fund types:

Internal Service Fund account for operations that provide services to other departments or agencies of the City, or to other governments, on a cost-reimbursement basis for insurance.

Fiduciary Funds

Agency Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other government units, and/or other funds.

Private Purpose Trust Fund accounts for the operations of the former redevelopment agency.

C. Basis of Accounting and Measurement Focus

The government-wide, proprietary, and fiduciary funds financial statements except for Agency Funds (that have no measurement focus) are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligible requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers all revenues available if they are collected within 60 days after fiscal year-end. Expenditures are recorded when the related fund liability is incurred, except for debt service expenditures which are recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds from long-term debt and capital leases are reported as other financing sources.

Property taxes, transient occupancy taxes, and interest are susceptible to accrual. Sales taxes collected and held by the state at fiscal year-end on behalf of the City are also recognized as revenue. Other receipts and taxes become measurable and available when cash is received by the City and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Equity

1. Deposits and Investments

In order to maximize the flexibility of its investment program and to aid in cash budgeting, the City pools the cash of all funds, except for monies deposited with fiscal agents in accordance with related bond indentures. The cash and investments balance in each fund represents that fund's equity share of the City's cash and investment pool. As the City places no restrictions on the deposit or withdrawal of a particular fund's equity in the pool, the pool operates like a demand deposit account for the participating funds.

Interest income earned on pooled cash and investments is allocated monthly to the various funds based on month-end balances and is adjusted at fiscal year-end. Interest income on restricted cash and investments with fiscal agents is credited directly to the related fund.

In accordance with the State of California Government Code, the City adopts an investment policy annually that, among other things, authorizes types and concentrations of investments and maximum investment terms.

The City's investments are carried at fair value. The fair value of equity and debt securities is determined based on sales prices or bid-and-asked quotations from SEC-registered securities exchanges or NASDAQ dealers. LAIF determines the fair value of its portfolio quarterly and reports a factor to the City; the City applies that factor to convert its share of LAIF from amortized cost to fair value. Changes in fair value are allocated to each participating fund.

For purposes of the statement of cash flows, the City has defined cash and cash equivalents to be change and petty cash funds, equity in the City's cash and investment pool, and restricted non-pooled investments with initial maturities of three months or less.

Investments are stated at fair value in accordance with GASB Statement No.31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Short-term investments are reported at cost, which approximates fair value. The fair values are based on quoted market prices, if available, or estimated using quoted market prices for similar securities. Securities traded on national or international exchanges are valued at the last reported sales price at current exchange rates. Interest, dividends, and realized and unrealized gains and losses, based on the specific identification method, are included in interest revenue when earned.

2. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Equity (Continued)

2. Receivables and Payables (Continued)

The City's property taxes are levied on the first day of January by the County assessor, and are payable to the County tax collector in two installments. The first installment is due November 1st, and is delinquent after December 10th; the second installment is due February 1st and is delinquent after April 10th. Taxes become a lien on the property on January 1st, and on the date of the transfer of the title, and the date of new construction. Article 13A of the California Constitution states: "The maximum amount of any ad valorem tax on real property shall not exceed one percent (1%) of the full cash value of such property. The one percent tax is to be collected by the Counties and apportioned according to law to the districts within the counties." The City has elected under State law (TEETER) to receive all of the annual property assessments in three installments as follows: 55% in December, 40% in April and 5% in June.

3. Inventories and Prepaid Items

Inventories are valued at cost using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

4. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. As a phase 3 government under GASB Statement 34, the City has elected to restate its capital assets as of July 1, 2008, to report infrastructure assets acquired prior to June 30, 2003. The City has determined that it is preferable to report all City infrastructure to provide for more accurate reporting. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are valued at the fair value of the assets on the date on which they were contributed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized. The City utilizes a capitalization threshold of \$5,000.

Depreciation is charged to operations using the straight-line method over the estimated useful lives of the assets as follows:

Buildings and improvements	30 years
Vehicles	5 years
Machinery and equipment	5 to 15 years
Infrastructure	50 to 80 years

5. Compensated Absences

Depending upon length of employment, City employees earn vacation leave, sick leave, accrued holiday and compensated time which may be either used or accumulated until paid upon termination or retirement. Upon termination, the City is obligated to compensate employees for all earned but unused vacation days. Unused sick leave may be accumulated to 125 days. The earned but unused sick leave benefits are not payable in the event of employee termination but 25% of the unused accumulated sick leave is paid upon retirement of employees with more than twenty years of continued service.

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Equity (Continued)

5. Compensated Absences (Continued)

A liability is accrued for all earned but unused leave benefits in the government-wide and enterprise fund statements. This liability will be liquidated as either additional cash payments in the event of employee termination or as part of budgeted salary expenditures if used by employees as compensated leave time while still employed by the City. In the fund financial statements governmental funds accrue current liabilities for material vacation leave benefits due on demand to governmental fund employees that have terminated prior to fiscal year-end. Non-current amounts will be recorded as fund expenditures in the year in which they are paid or become due on demand to terminated employees.

6. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statements of net position. Debt premiums and discounts are deferred and amortized over the life of the indebtedness using the straight line method. Notes payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize debt premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

In March of 2018, the GASB issued Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements. This statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. Additional essential information related to debt required to be disclosed includes unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Note 7 provides separate disclosure of the required information for direct borrowings and direct placements of debt.

7. Net Position

The government-wide financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

Net Investment In Capital Assets – This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce the balance in this category.

Restricted Net Position – This category presents external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Equity (Continued)

7. Net Position (Continued)

Unrestricted Net Position – This category represents net position of the City, not restricted for any project or other purpose.

When an expense is incurred for purposes for which both restricted and unrestricted resources are available, the City's policy is to apply restricted resources first.

E. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

F. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the City is bound to honor constraints on how specific amounts can be spent.

- Nonspendable fund balance – amounts that cannot be spent because they are either (a) not spendable in form or (b) legally or contractually required to be maintained intact.
- Restricted fund balance – amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed fund balance – amounts that can only be used for specific purposes determined by formal action of the City's highest level of decision-making authority (the City Council) and that remain binding unless removed in the same manner. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- Assigned fund balance – amounts that are constrained by the City's intent to be used for specific purposes. The intent can be established at either the highest level of decision making, or by a body or an official designated for that purpose.
- Unassigned fund balance – the residual classification for the City's funds that include amounts not contained in the other classifications.

The City Council establishes, modifies or rescinds fund balance commitments and assignments by passage of an ordinance or resolution.

A. Budgetary Information

The City Council adopts an Annual Budget no later than the second meeting of June of each year for the fiscal year commencing the following July 1. The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. During May of each fiscal year, the City Manager submits to the City Council a proposed operating budget for the next following fiscal year. The operating budget includes proposed revenues and expenditures.
2. After a review by the City Council, a public hearing is conducted and further comment is received from the City Council and the general public.

The table below identifies the Investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Maximum Investment in One Issuer</u>

The investment policy allows for the above investments which have equal safety and liquidity as all other allowed investments. Maturity depends on the cash needs of the City.

C. Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the City's investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity:

<u>Investment Type</u>	<u>Totals</u>	<u>Remaining maturity (in Months)</u>			
		<u>12 Months or Less</u>	<u>13 to 24 Months</u>	<u>25-60 Months</u>	<u>More Than 60 Months</u>

NOTE 3 – CASH AND INVESTMENTS (Continued)

D. Investments with Fair Values Highly Sensitive to Interest Rate Fluctuations

The City has no investments (including investments held by bond trustees) that are highly sensitive to interest rate fluctuations (to a greater degree than already indicated in the information provided above).

E. Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the City's investment policy, or debt agreements, and the actual rating as of fiscal year end for each investment type.

Investment Type	Amount	Minimum Legal Rating	Exempt From Disclosure	Rating as of Fiscal Year End			
				AAA	AA	A	Not Rated
State Investment Pool	\$ 84,216	N/A	\$ -	\$ -	\$ -	\$ -	\$ 84,216
Money Market Funds	15,425,810	N/A					15,425,810
Certificates of Deposit	2,579,454	N/A					2,579,454
Total	<u>\$ 18,089,480</u>		<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,089,480</u>

F. Concentration of Credit Risk

The investment policy of the City contains limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer (other than money market) that represent 5% or more of total City's investments.

G. Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2020, all of the City's deposits with financial institutions in excess of federal depository insurance limits were held in collateralized accounts.

NOTE 3 – CASH AND INVESTMENTS (Continued)

H. Investment in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

I. Fair Value Measurements

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy as follows: Level 1 – Investments reflect prices quoted in active markets; Level 2 – Investments reflect prices that are based on similar observable assets either directly or indirectly, which may include inputs in markets that are not considered active; and Level 3 – Investments reflect prices based upon unobservable sources. The City did not have any investments applicable to recurring fair value measurements as of June 30, 2020.

NOTE 4 – INTERFUND TRANSACTIONS

A. Interfund Receivables and Payables

During the course of normal operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Those related to goods and services type transactions are classified as "due to and from other funds". The following presents a summary of current interfund balances at June 30, 2020:

Receivable Fund	Amount	Payable Fund	Amount

		Nonmajor Enterprise Fund:

All interfund transfers between individual government funds have been eliminated on the government-wide statements. The following schedule briefly summarizes the City's transfer activity for the fiscal year ended June 30, 2020:

NOTE 8 – RISK MANAGEMENT

Central San Joaquin Valley Risk Management Authority

The City participates with other public entities in a joint exercise of powers agreement which establishes the Central San Joaquin Valley Risk Management Authority (CSJVRMA). The relationship between the City and CSJVRMA is such that CSJVRMA is not a component unit of the City for financial reporting purposes. The City is covered for the first \$1,000,000 of each general liability claim and \$500,000 of each workers' compensation claim through the CSJVRMA. The City has the right to receive dividends or the obligation to pay assessments based on a formula which, among other expenses, charges the City's account for liability losses under \$10,000 and worker's compensation losses under \$10,000. The CSJVRMA participates in an excess pool which provides general liability coverage from \$1,000,000 to \$10,000,000. The CSJVRMA participates in an excess pool which provides workers' compensation coverage from \$350,000 to \$500,000 and purchases excess insurance above the \$500,000 to the statutory limit. The CSJVRMA is a consortium of fifty-five (55) cities in the San Joaquin Valley of California. It was established under the provisions of California Government Code Section 6500 et seq. The CSJVRMA is governed by a Board of Directors, which meets 3-4 times per year, consisting of one member appointed by each member city. The day-to-day business is handled by a management group employed by the CSJVRMA.

NOTE 9 – PROPRIETARY FUNDS INFORMATION

The City maintains four enterprise funds. The Water and Sewer funds account for the provision of basic utility services to all citizens. The Community Center Operations fund and USF Community Center fund are utilized to maintain the operations and maintenance of the City's community center.

NOTE 10 – CONTINGENT LIABILITIES

NOTE 11 – OTHER POST EMPLOYMENT BENEFITS

The City does not offer any other post-employment benefits.

NOTE 12 – PENSION PLAN

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Plans and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

A. General Information about the Pension Plan

Plan Descriptions - All qualified employees are eligible to participate in the City's separate Safety (police and fire) and Miscellaneous (all other) Plans, cost sharing defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and Local Government resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided - CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

NOTE 12 – PENSION PLAN (Continued)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

The City's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2019, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. The City's proportionate share of the net pension liability for the Plan as of June 30, 2018 and 2019 was as follows:

	City Miscellaneous Plan	City Safety Plan
Proportion - June 30, 2018	0.06048%	0.01358%
Proportion - June 30, 2019	0.06110%	0.01352%
Change - Increase (Decrease)	0.00062%	-0.00006%

For the fiscal year ended June 30, 2020, the City recognized pension expense of \$320,617. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 345,188	\$ -
Net differences between projected and actual earnings on pension plan investments		(54,388)
Differences based on actual experience	225,044	(13,167)
Differences based on change of assumptions	151,268	(48,111)
Differences between actual vs proportionate contribution		(92,921)
Adjustment due to differences in proportions	23,607	(38,917)
Total	<u>\$ 745,107</u>	<u>\$ (247,504)</u>

\$345,188 reported as deferred outflows of resources related to contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions and will be recognized as pension expense as follows:

Fiscal Year Ended June 30,	Amount
2021	\$ 184,496
2022	(60,809)
2023	17,824
2024	10,904

NOTE 12 – PENSION PLAN (Continued)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

The City's net pension liability for each Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2019, using an annual actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

Actuarial Assumptions - The total pension liabilities in the June 30, 2018 actuarial valuations were determined using the following actuarial assumptions:

	<u>Miscellaneous</u>	<u>Safety</u>
Valuation Date	June 30, 2018	June 30, 2018
Measurement Date	June 30, 2019	June 30, 2019
Actuarial Cost Method	Entry-Age Normal Cost Method	
Actuarial Assumptions:		
Discount Rate	7.15%	7.15%
Inflation	2.75%	2.75%
Payroll Growth	3.00%	3.00%
Projected Salary Increase	3.30%-14.20% (1)	3.30%-14.20% (1)
Investment Rate of Return	7.50% (2)	7.50% (2)
Mortality	Derived using CalPERS' Membership Data for all Funds	

(1) Depending on age, service and type of employment

(2) Net of pension plan investment expenses, including inflation

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2018 valuation were based on the results of a January 2014 actuarial experience study for the period 1997 to 2011. Further details of the Experience Study can be found on the CalPERS website.

Discount Rate - The discount rate used to measure the total pension liability was 7.15% for each Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.15 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 7.15 percent will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

NOTE 12 – PENSION PLAN (Continued)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

CalPERS is scheduled to review all actuarial assumptions as part of its regular Asset Liability Management (ALM) review cycle that is scheduled to be completed in February 2018. Any changes to the discount rate will require Board action and proper stakeholder outreach. For these reasons, CalPERS expects to continue using a discount rate net of administrative expenses for GASB 67 and 68 calculations through at least the 2017-18 fiscal year. CalPERS will continue to check the materiality of the difference in calculation until such time as we have changed our methodology.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Real Return Year 1-10(a)</u>	<u>Real Return Year 11+(b)</u>

NOTE 13 - SUCCESSOR AGENCY TRUST FOR ASSETS OF FORMER REDEVELOPMENT AGENCY

On December 29, 2011, the California Supreme Court upheld Assembly Bill 1X 26 (“the Bill”) that provides for the dissolution of all redevelopment agencies in the State of California.

The Bill provides that upon dissolution of a redevelopment agency, either the city or other unit of local government will agree to serve as the “successor agency” to hold the assets units until they are distributed to other units of state and local government. On January 10, 2012, the City Council elected to become the Successor Agency for the former redevelopment agency in accordance with the Bill as part of the City resolution number 2012-04.

After enactment of the law, which occurred on June 28, 2011, redevelopment agencies in the State of California cannot enter into new projects, obligations or commitments. Subject to the control of a newly established oversight board, remaining assets can only be used to pay enforceable obligations in existence as of the date of the dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments). Successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full and all assets have been liquidated.

A. Long-term debt of the Successor Agency as of June 30, 2020, consisted of the following:

CHANGE OCCURRING IN 2021- UCR RETIRING-NIBRS/CIBRS TAKING THE REINS

- Uniform Crime Reporting (UCR) is officially retiring in 2021. We are in the process of transitioning to its replacement, National Incident Based Reporting Systems (NIBRS) and California Incident-Based Reporting System (CIBRS). UCR data will continue to be collected until NIBRS/CIBRS is fully implemented.
- **Elimination of the hierarchy rule**
- A key differentiating factor of NIBRS is the elimination of the hierarchy rule. UCR employs the hierarchy rule to recognize the most serious offense per incident, whereas under NIBRS, agencies are required to submit detailed information about all offenses committed in a single incident. With NIBRS, officers can collect data on up to 10 criminal offenses within an incident. An incident is considered one or more offenses committed by the same offender or group of offenders acting in concert at the same time and place.

2020 ANNUAL REPORT City of Hughson General Plan

INTRODUCTION

California Government Code Section 65400 requires each municipality to present an annual report on its General Plan to its legislative body, i.e. City Council, the Office of Planning and Research (OPR), and the Department of Housing and Community Development (HCD) by April 1 of each year.

The purpose of the Annual Report is to: 1) Provide an assessment or status update on the City's progress towards implementing the General Plan; and 2) Provide an assessment of the progress in meeting the City's share of regional housing needs. The report must include local efforts to remove governmental constraints to the maintenance, improvement, and development of housing, the degree to which its approved General Plan complies with the guidelines developed and adopted pursuant to Section 65040.2 as well as the date of the last revision to the general plan.

This report will assess how the General Plan is being implemented in accordance with the adopted goals, policies and implementation measures; identify any necessary adjustments or modifications to the General Plan as a means to improve local implementation; provide a clear correlation between land use decisions that have been made during the 12-month reporting period and the goals, policies and implementation measures contained in the General Plan; and provide information regarding local agency progress in meeting its share of regional housing needs.

GENERAL PLAN

Hughson's General Plan was adopted on December 12, 2005. The General Plan contains the seven State-required elements: Land Use, Circulation, Housing, Conservation, Open Space, Noise, and Safety. The latest Housing Element was adopted by the Hughson City Council on December 14, 2015. The State allows the combining of elements or the addition of new elements if the required seven elements are present in some fashion. Hughson's General Plan combines the required Conservation and Open Space elements and adds a Public Services and Facilities element. The Hughson General Plan thus contains the following elements:

- Land Use
- Circulation
- Conservation and Open Space
- Public Services and Facilities
- Safety
- Noise
- Housing

Local governments are required to keep their General Plans current and internally consistent. There is no specific requirement that a local government update its General Plan on a specific timeline, with the exception of the Housing Element, which is required to be updated every eight (8) years. The City will update its Housing Element by the year 2023. The City has begun the General Plan update process which will include an update to the City's Housing element. The current General Plan covers the years 2005-2025. The new General Plan will focus on the years 2025-2045.

The following represents the progress the City has made toward implementing the goals and guiding policies of the General Plan during this reporting period. The list is organized to correspond with the elements of the Hughson General Plan.

LAND USE

Amendments

An application for a rezone and general plan amendment for the development of 299 single family units was approved in September 2020. 193 of the homes will be courtyard homes on small lots, making a denser, more urban subdivision. The remaining 106 homes will be traditional single-family homes, on smaller lots than the standard R-1 lot size in Hughson. The density of this project is 5.33 DU/acre.

Land Use Progress

- A. A Vesting Tentative Subdivision map for a 39-unit medium density residential subdivision known as Province Place was approved in 2017 and construction started in early 2018. Of the 39 homes, the final 8 building permits were issued in 2020 and 17 units were finished in 2020.
- B. A Vesting Tentative Subdivision map for a 69-unit subdivision known as Euclid South was renewed in November 2017. Construction on this subdivision began in September 2019. The first 2 permits were issued in 2020 and It is likely that all 69 homes will be constructed during the 2021 calendar year.
- C. Parkwood, a General Plan Amendment, Rezoning Application, and Tentative Map was approved in July 2018 to allow the construction of a 20-unit apartment complex. Building plans were submitted in late 2018 but were put on pause by the developer. The developer reinitiated the building permit process in 2020 and the permits were issued. It is anticipated that this development will be constructed in the 2021 calendar year.

CIRCULATION

Amendments

The City of Hughson did not approve an amendment to the Circulation Element in 2020.

Progress

-
-
- A. In November 2016, the voters of Stanislaus County approved Measure L, a local ½ percent transportation sales tax measure. The City's first Measure L project, Santa Fe Overlay Phase I was completed in April 2019. This project consisted of widening Santa Fe to 28 feet and grinding/milling the entire existing roadway 1" deep and applying an overlay of asphalt concrete at a minimum depth of 2". The boundary of the project was from Hatch Road south to Whitmore Avenue. Phase II of this project was completed in May 2020 which completed the overlay of Santa Fe Avenue to the edge of City limits. Measure L funding was likewise used to complete the Euclid Avenue Overlay in 2019 at a cost of \$60,533, as well as a slurry seal on Locust Street.

CONSERVATION AND OPEN SPACE

Amendments

The City of Hughson did not approve an amendment to the Conservation and Open Space Element in 2020.

Progress

- A. In November 2018, the City purchased Lebright Fields from the Hughson Unified School District. Lebright Fields is a 7.9-acre ballpark that has been used for youth baseball and softball activities for sixty years. The main user of this facility is the non-profit Hughson Youth Baseball Association (HYBA) which utilizes it 9 months out of the year. The facility is also open to the public year around. The City will continue to partner with HYBA and allow this organization and other members of the public a safe and reliable place to place baseball. The City applied for a Proposition 68 grant in August 2019. The City was not awarded the grant.
- B. Parks were closed effective March 17, 2020 and no park improvements were proposed, nor implemented due to the epidemic and resulting Shelter in Place requirements issued by the State's Governor. The City will continue to seek out grant funding opportunities for park improvement.

PUBLIC SERVICES AND FACILITIES

Amendments

The City of Hughson did not approve an amendment to the Public Services and Facilities Element in 2020.

Progress

- A. The City continues to make significant progress in meeting a 2018 compliance order served by the State regarding arsenic levels in the City's municipal water system with implementation of the Well No. 7 Replacement Project. The multi-phased project includes the destruction of an old municipal well, currently out of production, to allow for the creation of a new municipal water well site. Improvements to the site include: installation of two wells, a water treatment system, construction of a 1.0 million gallon concrete storage/blending tank, and new water distribution pipeline to connect the well site to the municipal system and sewer lift station improvements. The \$12.8 million project is being funded through a California Safe Drinking Water State Revolving Fund grant and loan. The City continues to provide the State Water Board with quarterly progress reports on the City's efforts to address the arsenic compliance order.
- B. In response to a compliance order received in 2018 from the State Water Board for the presence of 1,2,3-Trichloropropane in the city's water, the City has contracted for the design of TCP treatment at Well 8 site and anticipates putting the project out to bid in 2021/2022.
- . A collapse in the City's central industrial sewer line in 2019 resulted in the completion of a sewer infrastructure study in 2020 to determine weaknesses in the system and to identify necessary upgrades and repairs. City contracted engineers, Willdan, are in the process of engineering the design for the upgrades to the sewer system and the project is anticipated to go out to bid in 2021.

SAFETY

Amendments

The City of Hughson did not approve an amendment to the Safety Element in 2020.

NOISE

Amendments

There were no amendments to the Noise Element in 2020.

Progress

- A. The Planning Commission or City Council did not approve a project in calendar year 2020, which would constitute implementation of the Noise Element of the General Plan.

HOUSING

Amendments

The City of Hughson did not approve an amendment to the Housing Element in 2020. However, the Hughson City Council continues to implement the 2015-2023 Housing Element adopted by the City Council on December 14, 2015 by Resolution No. 2015-34.

Progress

According to the Final Regional Housing Needs Plan (RHNP) for Stanislaus County, 2014-2023, the City of Hughson's share of the total region's allocation is 218 housing units. With the construction of 39 of the 39 Province Place homes, the City has completed 95 of the required 218 units, in addition to have entitled a 20-unit apartment project in 2020. The remaining 127 units need to be a mix of Very Low-, Low-, Moderate-, and Above Moderate-income units. Specifically, the City still needs to construct 53 Very Low units, 34 Low units, and 38 Moderate units. The aforementioned housing projects will meet the City's required Above Moderate RHNA unit requirements and will fulfill a little more than half of the moderate units, however, there are no projects planned that will help the City meet their remaining RHNA numbers, specifically low to very low units.
