

Sewer

Sewer Problems

If you believe you have a sewer problem, please contact the Public Works Department, by reporting it online at [SeeClickFix](#), or in the event of a emergency, by calling our office at the numbers indicated below.

You may avoid clogged drains and overflowing toilets with just a few simple precautions. Please do not put the following objects down the drain or in the toilet, as they clog pipes which will cause drains and toilets to overflow:

- Cooking grease;
 - Disposable diapers;
 - Feminine hygiene products
-

Report:

Monday - Friday
