

Hughson United Soccer League (HUSL)

The [Hughson United Soccer League](#)'s (HUSL) commitment to children is to provide them an environment that will challenge them mentally and physically within the demands of them as a person, athlete, and teammate. HUSL's commitment to player development at the younger age groups will allow players and teams the best opportunity to have success at the older ages. When these developmental objectives are achieved, then success inevitably will follow. It is also the philosophy of HUSL that no child will be denied the ability to play and learn based on financial hardship.

Our mission is to offer fun-da-mental training that promotes balance and physical and motor skills, through the enjoyment of soccer.
